Do we need a call to talk about this? At least from my perspective, I don't know where to start and it would be good to get your input, Roger, since the clock is ticking on your tenure at EPA!

Thanks,
Pam

Subject: EID Information Gathering

Good afternoon, everyone,

As you may recall, WED sent a CWA 308 Information Request to DuPont in August 2019 (attached). This request asked for information from DuPont, including new DuPont and EID/Corteva (old DuPont) about PFAS discharges, releases, and emissions that contribute to contamination of groundwater and surface water. We have received some information about current DuPont operations, but limited information from EID/Corteva, none of which pertains to historic operations at the facilities transferred to Chemours. We have been in touch with McGuireWoods, counsel for both companies, to convey the obligation their clients have to respond completely to the 308 (e.g., the attached letter from Joe Theis).

Ex. 5 AC/DP

Thank you.

Kristin Buterbaugh
